## M. UNIVERSITY INFORMATION SYSTEMS USE POLICIES

[http://www.gsu.edu/ist/infosysuse\\_chart.html](http://www.gsu.edu/ist/infosysuse_chart.html)

- **Introduction**

Georgia State University's information systems are critical resources and play an integral part in the fulfillment of the university's objectives of teaching, research, and extension of knowledge to the public. The Georgia State University Information Systems Use Policies provide guidelines for the access, use, and protection of these resources. Current guidelines and policies can be accessed at <http://www.gsu.edu/ist/infosysuse.html>.

- **Purpose**

The purpose of this document is to summarize and provide in a single location all approved policies aimed at ensuring that the access, use, and protection of the information systems promote the university's objectives. These policies will achieve the following principles:

- ensure that users abide by state and federal laws, as well as the policies of the university and the University System of Georgia;
- ensure that all individuals accessing or using the information systems assume responsibility for protecting these resources from unauthorized access, modification, destruction, or disclosure;
- ensure the integrity, reliability, and availability of the information systems; and
- ensure that individuals do not abuse the university's information systems and do respect the rights of members of the university community.
