Office of the Dean of Students
Hardship Withdrawal Appeals

Rationale for Not Complying with the Hardship Withdrawal Policy Restrictions

Overview

The Hardship Withdrawal Policy requires that:

1. Students are not eligible for hardship withdrawals in any course in which they have completed the course requirements (e.g., taking the final exam or submitting the final project).
2. Students must initiate an application for a hardship withdrawal no later than one academic year after the semester in which the courses were taken.

If the Dean of Students feels that an exception to one or both of the two restrictions is justified, the student's case shall be considered by the Hardship Withdrawal Appeals Committee.

Statement of Rationale

Please provide a statement that explains your reason for not complying with the appropriate restriction(s). Submit this statement with your Hardship Withdrawal Appeals Application. Please refer to the Hardship Withdrawal Appeals Information Sheet for your other requirements.
