The February 23, minutes were approved.
Report on Banner Conversion
William Fritz and Cherise Peters discussed the Banner Implementation project.

Motion to Establish a Special Non-Degree Status for Undergraduate Admission was approved.

1. An applicant for special non-degree status is an individual who:
   a. is not currently pursuing a degree at another institution and
   b. does not have a baccalaureate degree from another regionally accredited institution, but
   c. desires to enroll to take undergraduate coursework for personal or professional growth.

2. Students and former GSU students denied admission, as undergraduate degree seeking students are not eligible to enroll under this status.

3. Special non-degree students may enroll in no more than 10 semester hours.

4. To be admitted, special non-degree applicants must have graduated from an accredited high school or an equivalent foreign institution.

5. If the student is subsequently admitted as a degree-seeking student, credit earned as a special non-degree status student will apply to the requirements for the degree.

6. If the student in Special non-degree status later applies for degree status, the GPA achieved while under the non-degree status will not be considered in the admissions decision.

7. Special non-degree status students may not register until Phase 3 of registration.

8. This policy will go into effect Fall 2001.
