MINUTES
APACE MEETING
June 15, 2004

The meeting was called to order at 3:08 pm.

The chair explained that the purpose of the June meeting is vote on several Academic Program Review Self-Study Reports and to vote on several academic program proposals. There was a considerable activity towards the end of the spring semester with respect to academic program review and degree proposals. Rather than wait until fall semester and delay action either by the board of regents or by the departments and colleges for program review the June special meeting was called.

The APRC moved approval of the following Self-Study Reports:

1. Art & Design;
2. Middle Secondary Education & Instructional Technology;
3. Real Estate;
4. Risk Management & Insurance;
5. Educational Policy Studies;
6. Anthropology & Geography;
7. Physical Therapy.

Each self-study was discussed and voted upon separately. All self-studies were approved.

The Graduate Council moved approval of the following academic program proposals:

1. Masters of Arts in Religious Studies (Arts & Sciences);
2. Certificate of Child Welfare Leadership (Health & Human Sciences);
3. Certificate of Forensic Social Work (Health & Human Sciences);
4. Dietetic Internship Program (Health & Human Sciences).

Each academic proposal was discussed and voted on separately. All academic proposals were approved.

The undergraduate Certificate in Entrepreneurship (RCB) was discussed. Final results of an e-mail vote were not complete at the time of the APACE meeting. After discussion, APACE agreed to an e-mail vote for the certificate once the results of the e-mail vote by the Undergraduate Council were known.
