Call to order:  
Meeting called to order by Dr. Keppler at 12:20pm.  

Student Fees:  
Budget requests will be heard April 12-19th. The fee committee will offer the same allocation pool as this fiscal year’s pool (FY2002), based on this year’s enrollment. If enrollment is better for (FY 2003), then we will get an increase in fee money. Eight councils will review the requests then approve on April 22nd. The requests will then be forwarded to FACP by May. Approximately 90 groups were funded this fiscal year, and we were able to give more money to groups mid-year due to an increase in enrollment.  

Code of Conduct Report:  
Jeannie Barrett reviewed significant changes to the policy with the committee. She stated that most of the changes were organizational and for clarification  
  • Dr. Scott requested changes in the “due process”, due to events happening across the country where students threatened the lives of other students, the code of conduct now states, “if severe, sanctions could be imposed immediately”.  
  • Alcohol policy changes were made by request from Dr. Scott and Dr. Heller  
  • Victims Bill of Rights is included in it’s entirety in the body of the Code of Conduct, instead of just being referred to as in the old Code of Conduct.  
The subcommittee offered to hear any suggestions or comments and there was clarification of the cell phone usage policy. Guest, Leslie Williams explained the policy for emergencies where the school will take a student from class. The Dean of Students office interrupts class to obtain a student only if there is an extreme, verifiable emergency. Jeannie also stated that the printed version of the code of conduct is not the most up to date, as the University makes changes frequently. The most current version is online and that is the version to which students are held. Doug Podoll pointed out that the code of conduct in sections 1.3 to 1.6 leaves out exchange students, he will discuss further with Jean Barrett. The committee was asked to vote on the revisions by email, since the policy was not available to the committee until late. John Diehl moved to perform an online vote, seconded by Susan Walcott, committee unanimously agreed to follow that procedure. For future reference, the committee likes the idea of having a subcommittee do the revisions, but present,
section by section, to the committee at large as they go.

**Petitions to charter and recharters:**
Dr. Ralph LaRossa moved to accept all charters except Nutrition Student Network and the Multicultural Group (they must include in their criteria for membership that members must be GSU Students). Motion seconded by Dr. Snell. Committee unanimously agreed.

Dates for next year’s committee meetings will be voted on during April’s regularly scheduled meeting.

Meeting Adjourned 1:05pm.

Leslie Wilson, Secretary
