Minutes

Staff Council website:

We discussed the utility of social media and the possibility of having a listserv for staff. One issue that arose was whether to call it a "Staff Council" or "GSU Staff" listserv. The general consensus was that GSU Staff, if allowed, would be better since this should be seen as a way for staff to communicate with one another rather than for Staff Council to communicate with them. We also realized the need to investigate policies regarding surplus sharing among departments before using the listserv as a means to do this.

G. Cannon will add spotlight to the Staff Council website home page instead of just having a link.

Staff Spotlight:

The October Staff Spotlight was reassigned to R. Trammell, who will interview Valarie Marshall.

Villager:

A. Claycombe will be doing an article for the *Villager* and asked for suggestions. One suggestion was to be sure to mention the staff spotlight and ask for suggestions.

Staff Council News:

G. Cannon, A. Claycombe and J. Medlock will bring cameras to take pictures during the tour of the Petit Science Center at the next Staff Council meeting for the SC website.

Other:

G. Cannon will add district information to names on Staff Council roster.
