Whereas the purpose of the Student Government Association is to provide a responsive forum for student opinions and interests and to actively seek out, investigate and resolve student complaints and concerns; and

Whereas the Student Government Association is the official voice of the students; and

Whereas other major universities have a fall break for the purpose of recuperation and rest in the middle of the Fall Semester; and

Whereas the Student Government Association is mandated by their constitution to serve as partners in the administrative processes of the University; and

Therefore, let it be resolved that the Student Government Association is in favor of implementing a Fall Break so that students can have a period in the middle of the semester to relax and regain their focus so that they can finish the semester strong and that this break is to be held in the month of October after mid-terms and the withdraw date.
