

**“Committee on Usefulness of SL&L Vans”**

**Bill # 09-01**

**Author: Vice President Terkquyose Kennebrew**

**Date: January 22, 2009**

**Vote: Yes   X   No**

Whereas the purpose of the Student Government Association is to provide a responsive forum for student opinions and interests and to actively seek out, investigate and resolve student complaints and concerns; and

Whereas the Student Government Association is the official voice of the students; and in realizing that the Student Life and Leadership vans were no longer available to students who needed transportation; and

Whereas the vans were used by the student body including students who do not own a vehicle or have access to one but need to get to different events such as volunteering; and

Whereas it was not advertised to the student body that this service was being eliminated; and

Whereas these vans have been used by numerous chartered student organizations including the Student Government Association to provide transportation to different events; and

Whereas the Student Government Association is mandated by their constitution to serve as partners in the administrative processes of the University; and

Therefore let it be resolved that the Student Government Association is in favor of creating a committee to review the decision to eliminate this vital resource that was once readily available to chartered student organizations.
