Dear Client,

Enclosed please find scanned images of the import permit issued by the CDC. We have been instructed to ask clients to print the file and then attach the two pages to your boxes or shipments. You can download and print the file for every package that you ship to our laboratory.

Please note our new shipping address as of August 2011. We have moved our laboratories to the new Petit Science Center on the campus of Georgia State University.

CDC 0726 (F 13.40) REV. 2-91

42 CFR 71.54. Etiological agents, hosts, and vectors

- (a) A person may not import into the United States, nor distribute after importation, any etiological agent or any arthropod or other animal host or vector of human disease, or any exotic living arthropod or other animal capable of being a host or vector of human disease unless accompanied by a permit issued by the Director.
- (b) Any import coming within the provisions of the section will not be released from custody prior to receipt by the District Director of the U.S. Customs Service of a permit issued by the Director.

Note: Other permits may be required.
