Dear Client,

Enclosed please find photocopies of your permit issued by the CDC. We have been instructed to ask clients to make photocopies and tape them to your boxes or shipments. You are being sent two pages that are already photocopied so it will be necessary for you to keep these as master copies. This is a recent request from the CDC and we will do this until further notice by them.

Thank you,

Tippy Slater
Administrative Assistant
B Virus Resource Laboratory
## Permit to Import or Transfer Etiological Agents or Vectors of Human Disease

In accordance with 42 CFR Section 71.54 of the Public Health Service Foreign Quarantine Regulations, cited on the bottom of this permit, permission is granted the permittee to import into any port under control of the United States, or to receive by transfer within the United States, the material described in item 1 below.
